## About the Waste

This form and CRWAF number is unique for each individual waste stream and thus required for every waste stream from a producer

Waste Description \*

EWC Code (six digits only) \*

If EWC Code has an asterisk and is a mirror entry we will assume it is hazardous unless "NON HAZ" is added above (eg 190201\* NON HAZ)

Physical State (gas,liquid,solid, sludge, mixed) \*

Gas  Liquid  Solid  Sludge  Mixed

\* Required if waste is hazardous

Container Type/ Size and Number for each consignment

Estimated Annual Quantity - this must be in kgs - (conversion formula up to producer if exact kgs not known)

kilogrammes

Hazard Codes (eg H3-A, H6 etc) \*

Producer EA Premises Code \* and expiry date

expires on: / /

Producer Contact (full name) \*

Process giving rise to the waste

Producer Contact (email)

note: we are required under Haz Waste Regs 2005 to send a form or copy of consignment note for every HAZ load we receive to the producer and will send that information to the contact above, preferably by email. If you require additional copies as a broker complete last box on form

[Items below are optional for this form but are required under Carriage Regulations and on Consignment Notes for Hazardous Loads](#)

if non-haz for carriage then complete box as "NON HAZ"

UN identification number

Proper Shipping Name
